**INSTITUTIONAL
MEMBERSHIP BENEFIT PACKAGE:**

Institutional membership in the Texas Library Association is a significant investment in your library's future. With discounts on products and services, the dollar amount of your library's annual dues will yield a value that far exceeds the total of your dues payment.

Institutional members receive the following benefits:

- Discounts for legal services with Digital Information Legal Specialist, attorney Gretchen McCord.
- Discounted Directors and Officers Insurance for institutional member libraries.
- Access to GrantStation's extensive searchable database of funding sources and technical resources for the discounted price of \$79 per year.
- Ability to utilize purchase orders for all TLA financial transactions.
- Highlighted on TLA's website.
- Access to the online Members Only Directory, a database of more than 11,000 librarians and library supporters in Texas.
- Subscriptions to *Texas Library Journal*, *TLACast*, and all association mailings.
- Eligible for increased grant award from TLA Disaster Relief Fund should need arise.
- Out of state institutional members may post available positions on the TLA Jobline.

In addition to the direct benefits to your library, your institutional dues contribute to a strengthened statewide community of libraries that ensures:

- ◇ A persuasive voice for Texas libraries on public policy issues;
- ◇ Demonstrated value of libraries and librarians to stakeholder groups;
- ◇ Leadership opportunities for staffs through information sharing and networking;
- ◇ Mechanisms to highlight and recognize best practices in libraries; and
- ◇ Cultivation of library champions.

Note: No Individual benefits accrue for institutional membership.
