New Online Communication Platform

Texas Library Association is thrilled to introduce our new online platform for members, called TLA Engage, which will go live August 30. TLA Engage will be the centralized space for TLA members to communicate and connect online, replacing TLA listservs which will be discontinued on October 1. Participants will be able to communicate with their TLA units and committees, share resources and connect with other members in this powerful new platform. **We encourage any member who is "unsubscribed" to unit emails to adjust their membership information to subscribe and be a part of TLA Engage.** We're so excited to share it with you! *(Note: TLC and TCAL listservs will remain on the Lyris platform).*
