Weeding 101	The Crew Method and the CREW Method Side Effects. Weeding is a process for removing books that no longer fit within the collection guidelines, are in poor condition or are outdated. However, weeding is so much more than that. Find out about the CREW Method to start the weeding process in your library. Plus, listen to things that can happen outside of the weeding process. The good and the bad.	Devery Goss, Montgomery County Memorial Library System Lisa Loranc, Brazoria County Library System	Summit 2022	27 minutes
Exploring the Possibilities: Developing Volunteer Programs for Specialized Populations	Adapt and enhance your existing volunteer programs to respond to the needs of specialized populations. Plano Public Library will discuss its volunteer program for neurodiverse and intellectually and developmentally disabled (IDD) individuals, including understanding their needs, development of staff training, and assessing outcomes to improve existing library services.	Tenille Miller, Jessica Rico, and Bethany Ross - City of Plano	Summit 2022	42 minutes
Creating Inviting Spaces for Non-Readers	Learn ways to create a welcoming school library that invites and encourages students at all reading levels to come into the library and feel comfortable in the space.
