

How-to

Promote Libraries

On the first of every month, engage in sharing, posting, and establishing connections with stakeholders about the awesomeness of your library!

Did you know that your school librarian...

instructional partner

SEPT

...is a certified teacher? Share how you use your teaching experience in your library!

OCT

...helps students understand why we celebrate the freedom to read.

NOV

...teaches students to think critically about sources. Share your lessons or activities on critical thinking!

informational specialist

DEC

... is a leader on campus. Share how you are a leader on your campus!

JAN

... is an instructional partner. How do you reach every student on campus?

FEB

...teaches students how to access and use resources. What databases does your library provide and how do students use them?

campus leader

MAR

...collaborates with teachers. Share how you collaborate to support student achievement!

APR

...offers extra curriculum resources. What resources do you have that benefit your teachers and students?

program admin

MAY

...offers programs and clubs to students. What activities do you provide -- sponsoring clubs, providing makerspace activities!
